

# SAFETY DATA SHEET

## 1. Identification

| Product number           | HIL0103055   |
|--------------------------|--|
| Product identifier       | Gum-Go   |
| Revision date            | 12-23-2014   |
| Company information      | HILLYARD INC<br>302 North 4th Street<br>St. Joseph, MO 64501 United States |
| Company phone            | 816-383-8285   |
| Version #                | 04   |
| Supersedes date          | 12-22-2014   |
| Recommended use          | Cleaner  |
| Recommended restrictions | None known.  |

## 2. Hazard(s) identification

| Label elements                                |   |
|---|---|
| Environmental hazards<br>OSHA defined hazards | Not classified.<br>Not classified.      |
| Health hazards                                | Gases under pressure<br>Not classified. |
| Physical hazards                              | Flammable aerosols                      |

Category 1 Liquefied gas

| Signal word                                  | Danger   |
|--|--|
| Hazard statement                             | Extremely flammable aerosol. Contains gas under pressure; may explode if heated.   |
| Precautionary statement                      |  |
| Prevention                                   | Keep away from heat/sparks/open flames/hot surfaces No smoking. Do not spray on an open<br>flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. |
| Response                                     | Wash hands after handling.   |
| Storage                                      | Protect from sunlight. Store in a well-ventilated place. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.  |
| Disposal                                     | Dispose of waste and residues in accordance with local authority requirements.   |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.  |
| Supplemental information                     | None.  |

## 3. Composition/information on ingredients

Mixtures

| inxtal 00                             |                          |            |            |
|---------------------------------------|--------------------------|------------|------------|
| Chemical name                         | Common name and synonyms | CAS number | %          |
| Butane                                |                          | 106-97-8   | 60 - 80    |
| Propane                               |                          | 74-98-6    | 20 - 40    |
| Ethyl Alcohol                         |                          | 64-17-5    | 2.5 - 10   |
| Other components below reportable lev | vels                     |            | 0.01 - 0.1 |

#: This substance has workplace exposure limit(s).

\*Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret.

## 4. First-aid measures

| Inhalation   | If symptoms develop move victim to fresh air. Get medical attention if symptoms persist.                         |
|--|--|
| Skin contact   | Wash off with soap and water. Get medical attention if irritation develops and persists.                         |
| Eye contact  | Rinse with water. Get medical attention if irritation develops and persists.                                     |
| Ingestion  | Rinse mouth. Get medical attention if symptoms occur.  |
| Most important<br>symptoms/effects, acute and<br>delayed                     | Dizziness.   |
| Indication of immediate<br>medical attention and special<br>treatment needed | Provide general supportive measures and treat symptomatically.   |
| General information  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. |

## 5. Fire-fighting measures

| Suitable extinguishing media<br>Unsuitable extinguishing<br>media | Water fog. Dry chemical powder. Carbon dioxide (CO2).<br>None known.  |
|---|---|
| Specific hazards arising from the chemical                        | Contents under pressure. Pressurized container may explode when exposed to heat or flame.   |
| Special protective equipment<br>and precautions for firefighters  | Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.  |
| Fire-fighting<br>equipment/instructions                           | In case of fire: Stop leak if safe to do so. Do not move cargo or vehicle if cargo has been exposed to heat. Move containers from fire area if you can do so without risk. Containers should be cooled with water to prevent vapor pressure build up. For massive fire in cargo area, use unmanned hose holder or monitor nozzles, if possible. If not, withdraw and let fire burn out. |
| Specific methods  | Use standard firefighting procedures and consider the hazards of other involved materials. Move containers from fire area if you can do so without risk. In the event of fire and/or explosion do not breathe fumes.  |
| General fire hazards  | Extremely flammable aerosol.  |

## 6. Accidental release measures

| Personal precautions,<br>protective equipment and<br>emergency procedures | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of low areas. Wear appropriate protective equipment and clothing during clean-up. Emergency personnel need self-contained breathing equipment. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate closed spaces before entering them. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.  |
|---|--|
| Methods and materials for<br>containment and cleaning up                  | Refer to attached safety data sheets and/or instructions for use. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. Stop leak if you can do so without risk. Move the cylinder to a safe and open area if the leak is irreparable. Isolate area until gas has dispersed. Prevent entry into waterways, sewer, basements or confined areas. For waste disposal, see section 13 of the SDS.   |
| Environmental precautions   | Avoid discharge into drains, water courses or onto the ground.   |
| 7. Handling and storage   |  |
| Precautions for safe handling   | Pressurized container: Do not pierce or burn, even after use. Do not use if spray button is missing or defective. Do not spray on a naked flame or any other incandescent material. Do not smoke while using or until sprayed surface is thoroughly dry. Do not cut, weld, solder, drill, grind, or expose containers to heat, flame, sparks, or other sources of ignition. All equipment used when handling the product must be grounded. Do not re-use empty containers. Use only in well-ventilated areas. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. |
| Conditions for safe storage,  | Level 3 Aerosol.   |
| including any incompatibilities   | Pressurized container. Protect from sunlight and do not expose to temperatures exceeding 50°C/122 °F. Do not puncture, incinerate or crush. Do not handle or store near an open flame, heat or other sources of ignition. This material can accumulate static charge which may cause spark and become an ignition source. Keep containers tightly closed in a dry, cool and well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS).   |

## 8. Exposure controls/personal protection

### **Occupational exposure limits**

| Components  | Туре  | Value      |
|---|---|------------|
| Ethyl Alcohol (CAS 64-17-5)                           | PEL   | 1900 mg/m3 |
|   |   | 1000 ppm   |
| Propane (CAS 74-98-6)                                 | PEL   | 1800 mg/m3 |
|   |   | 1000 ppm   |
| US. ACGIH Threshold Limit                             | Values  |            |

| Components  | Туре  | Value      |
| Butane (CAS 106-97-8)                                 | TWA   | 1900 mg/m3 |
| · · · · ·   |   | 800 ppm    |
| Ethyl Alcohol (CAS 64-17-5)                           | TWA   | 1900 mg/m3 |
|   |   | 1000 ppm   |
| Propane (CAS 74-98-6)                                 | TWA   | 1800 mg/m3 |
|   |   | 1000 ppm   |
| logical limit values                                  | No biological exposure limits noted for the ingredient(s).  |            |
| propriate engineering<br>htrols                       | Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. |            |
| ividual protection measures,                          | such as personal protective equipme   | ent        |
| Eye/face protection                                   | Not available.  |            |

|  |                              |

## 10. Stability and reactivity

| Reactivity                            | The product is stable and non-reactive under normal conditions of use, storage and transport. |
|---------------------------------------|---|
| Chemical stability                    | Material is stable under normal conditions.   |
| Possibility of hazardous<br>reactions | Hazardous polymerization does not occur.  |
| Conditions to avoid                   | Keep away from heat, sparks and open flame. Contact with incompatible materials.              |
| Incompatible materials                | Strong oxidizing agents. Nitrates. Fluorine. Chlorine.  |
| Hazardous decomposition<br>products   | No hazardous decomposition products are known.  |

## 11. Toxicological information

## Information on likely routes of exposure

| Ingestion  | Expected to be a low ingestion hazard.                   |
|--|--|
| Inhalation   | No adverse effects due to inhalation are expected.       |
| Skin contact   | No adverse effects due to skin contact are expected.     |
| Eye contact  | Direct contact with eyes may cause temporary irritation. |
| Symptoms related to the<br>physical, chemical and<br>toxicological characteristics | Dizziness.   |

## Information on toxicological effects

## Acute toxicity

| Components                 | Species | Test Results            |
|----------------------------|---------|-------------------------|
| Butane (CAS 106-97-8)      |         |                         |

### 13. Disposal considerations

| Disposal instructions                    | Consult authorities before disposal. Contents under pressure. Do not puncture, incinerate or crush. Dispose of contents/container in accordance with local/regional/national/international regulations.  |
|--|--|
| Local disposal regulations               | Dispose in accordance with all applicable regulations.   |
| Hazardous waste code                     | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| Waste from residues / unused<br>products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).                                 |
| Contaminated packaging                   | Empty containers should be taken to an approved waste handling site for recycling or disposal.<br>Since emptied containers may retain product residue, follow label warnings even after container is<br>emptied. Do not re-use empty containers. |

## 14. Transport information

### DOT

| UN number<br>UN proper shipping name | UN1950<br>Aerosols, flammable, (each not exceeding 1 L capacity)  |

| Transport hazard class(es)           |   |
| Class                                | 2.1   |
| Subsidiary risk                      |   |
| Label(s)                             | 2.1   |
| Packing group                        | Not applicable.   |
| Special precautions for user         | Read safety instructions, SDS and emergency procedures before handling. Read safety instructions, SDS and emergency procedures before handling. |
| Special provisions                   | N82   |
| Packaging exceptions                 | 306   |
| Packaging non bulk                   | None  |
| Packaging bulk                       | None  |

This product meets the exception requirements of section 173.306 as a limited quantity and may be shipped as a limited quantity. Until 12/31/2020, the "Consumer Commodity - ORM-D" marking may still be used in place of the new limited quantity diamond mark for packages of UN 1950 Aerosols. Limited quantities require the limited quantity diamond mark on cartons after 12/31/20 and may be used now in place of the "Consumer Commodity ORM-D" marking and both may be displayed concurrently.

Marine pollutant

**General information** 

IMDG Regulated Marine Pollutant.

### 15. Regulatory information

**US federal regulations** 

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All components are on the U.S. EPA TSCA Inventory List.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D) Not regulated. CERCLA Hazardous Substance List (40 CFR 302.4) Not listed. SARA 304 Emergency release notification Not regulated. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) Not listed. Superfund Amendments and Reauthorization Act of 1986 (SARA) Immediate Hazard - No **Hazard categories** Delayed Hazard - No Fire Hazard - Yes Pressure Hazard - Yes Reactivity Hazard - No

#### SARA 302 Extremely hazardous substance

Not listed.

#### SARA 311/312 Hazardous No chemical

SARA 313 (TRI reporting)

Not regulated.

#### Other federal regulations

#### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

#### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Butane (CAS 106-97-8) Propane (CAS 74-98-6)

Safe Drinking Water Act Not regulated. (SDWA)

## US state regulations

#### **US. Massachusetts RTK - Substance List**

Butane (CAS 106-97-8) Ethyl Alcohol (CAS 64-17-5) Propane (CAS 74-98-6)

#### US. New Jersey Worker and Community Right-to-Know Act

Butane (CAS 106-97-8) Ethyl Alcohol (CAS 64-17-5) Propane (CAS 74-98-6)

#### US. Pennsylvania Worker and Community Right-to-Know Law

Butane (CAS 106-97-8) Ethyl Alcohol (CAS 64-17-5) Propane (CAS 74-98-6)

#### US. Rhode Island RTK

Butane (CAS 106-97-8) Propane (CAS 74-98-6)

#### **US. California Proposition 65**

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

#### International Inventories

| Country(s) or region        | Inventory name  | On inventory (yes/no)* |
